SHOT ON A STREET CAR.

Policeman Kills a Negro Returning From the Louisville Races.

Louisville, Ky., May 7 .- A sensational en counter took place in a crowded street car coming in from the races last evening, by which one person was killed, one badly shot and many narrowly escaped. Heary Jones, a negro, was arrested by gambling. Failes handcuffed the negro his own wrist and boarded a trolley train of three cars, bound in. There was 225 people on the three cars. Withou warning the negro drew a revolver and began firing at Failes. Failes foolishly returned the fire, the fusilade creating panic in the cars which were promptly stopped.

Failes and Jones were removed to the city hospital, where the negro died last night. Four bullets pierced the dress of Mrs. James B. Camp, wife of the manager of the Grand Opera House, and one bullet e rim of Mr. Camp's hat, and tore a hole in the side of the car.

## IWO BOLTS PREDICTED

Prominent Silverite Says Democratic Convention Will Split.

ONE TO DECLARE FOR SILVER

Silver Men Expect to Throw the Election Into the House-Chairman Harrity Does Not Think There Will Be a Bolt at Chicago, Though It Is

Philadelphia, May 7 .- A prominent silverite, just from Washington, who did not care to be quoted by name, said today that the most interesting political cam-

that the most interesting pointed cam-paign in the history of the United States is about to open. Continuing he said: "There will be a bolt in the Republican convention, and there will be two conventions in Chicago, each of which will proclaim itself the regular organization. Then there will be a sliver convention, and the greatest political compaign ever seen or heard of. We have 3,000,000 votes in the country, and we have a perfect or-

ganization.
"Now, mark another thing. If there be two conventions in Chicago, the gold convention will acminate Grover Cleve-land. This is not idle talk. I do not think the Republicans will nominate McKinley, though it looks that way now. I bear there is a coming combination on Harri-son, who could take the wind out of Mc-0 Kinley's boom by drawing off at least forty per cent of the Onio delegates. However, this is only an opinion."
"Do the bimetallists expect to win a 0 majority of the electoral college?"

WHAT THEY CAN DO. -Well, they have not raised their hopes that high yet. We will be satisfied to throw the election into the House. We will have the votes of twenty-six States. We will carry Michigan. We can throw Indiana to the Democrats. We can do the same in Massachosetts, Connecticut and Rhode Island. We have the votes in New York to throw the

electoral vote either way, and if you doubt it, ask Mr. Platt. We can give New Jersey to the Republicans.

"This is what the campaign will be like and we feel confident that we can throw the election into the Bouse of Representa tives. The silver campaign is not dying out It has been manipulated with great political sagacity. Both old parties will declare for gold, and we have deemed it good politics to make it sure that the Republicans will

do that. I wish I could be assured as well of the success of the Democratic end." National Chairman William F. Harrity eaves the city today to make the final grangements in Chicago for the convenion. When it was repeated to him that there was a rumor of two conventions in

Chicago he said: "I have no good reason to believe there will be two conventions. There may be differences among the delegates, but I hope they will die out after the nomina-tion. The sound money idea is growing force, and there are yet sixty days until the convention. You see, the Ohio platform was so unsatisfactory that the opponents of McKinley went to the strong gold standard, and this compelled such a not been collected. strong declaration all around that the issue has been clearly defined. The Chicago convention will declare for a gold standard, and I find in the party a revival of hope. A few months ago the leading men in the party did not see much bance for Democratic sucess, but now they

hink differently." BOLT IS POSSIBLE. "Do you think there will be a bolt fu Chicago?"

"I have no reason to say so or think so. Still it is possible. The silver people will have considerable force." "What proportion of strength do you

calculate for them."
"They will have at least one-third. I one-third is an awful strong minerity in a Democratic convention, because it will take a two-thirds vote to nominate. It posible the third will belt. I am sure the party will declare for gold. By the party I mean the regular organiza-

tion. What the faction may do I cannot say. It may bolt and it may not. It may or may not be true that it has already arranged a meeting place. I know noth ing of such arrangements, and have no reason to expect anything of the kind." Then the question was put to Mr. Harrity, whether or not, in the event of such a

split, the regular gold Democrats would name Cirveland as a candidate.

"I do not know." was the answer. "I have no reason to think that he would be willing." he continued. "Personally it is my opinion Mr. Cleveland will not ac cept a third term nomination. I have never card him express his views of the subject. I have never discussed it with him; but I have talked with him on other questions so near to this that he could easily have introduced it had he so desired. At the time I am frank to say that I have never heard him say he would refuse a nomination, and what he would do in the event of being named I really and truly

could not tell you." GORMAN'S OPINION DIFFERS. Baltimore, May 7.- The Democratic State central committee has decided to hold the State convention in Baltimore June 10 to select delegates to the national convention

Notwithstanding the off-repeated reports to the contrary, Senator Gorman was on hand and directed the work of the ommittee. The Senator will not, however, ne maintains, go to Chicago cither as a lelegate or in any other capacity.

Replying to an interrogatory as to the probable action of the national Democratic convention at Chicago on the currency question, Senator German said: "That question will, in my opinion, cut no

figure in the campaign this year. Both tion on the currency question, and both the Democratic convention at Chicago and the Republican convention at St. Louis will favor sound money, or, in other words, that the present gold standard will be maintained. Both parties will, in their platorms, oppose free comage, and therefore that question will not enter into the national contest this year."

In answer to another question, the Senator said: "Of course, there will be a contest at Chicago over the money plank, as well as over other parts of the platform, just as there have been in the past, but the sound-money advocates will undoubtedly win. The sound-money Democrats need have no fear, as far as I can foretell. Their party platform and their candidates will be such that they can support both with con-

'Just One More," She Cried as She Breathed Her Last.

Her Brother Into Eternity via Cigarette Route.

La Porte, Ind. - Special - Two lives have been tied to the stake of the Cigarette haut and slowly burned up. In the home of Mr. McCorkle, hear Buffato, Ind., less than a year ago, a brother, robust and manly, just emering upon a prosperous career, piacet a pipe stek between his lips and started to smoke his file away. It set his nerves on fire, and gradually undermixed his reason, until within a short time ago, he died a raving maniae.

within a short time ago, he died a raving maniac.

His sister smoked cigarettes before he died. Today it comes over the wire that even with the terribie object lesson found at the deathbed of her maniac brother, she cound not break the cigarette habit. She smoked on until five bexes a day laided to keep her quied, and as she lay dying, piteously she cried for "Just One Micre Cigarette?" Strong and trautiful as she once was, cigarettes ensayed her, reduced her to a mere skeleton, and dethroned her reason.

Tobacco users, don't you think it time to call a HALT? Can't you hear the warning deate rattle ringing in your ears? Better take time to inevsigate the merits of No-To-Hae, which is ABSOLUTELY GUARANTEED to relieve you of the tobacco habit in every form, make your herves strong, and put you in possession of all the enjoyment and good things of life, that belong to a well, vigorous, strong, happy man.

No-To-Bac will do all this and more. Why not try it? You run no physical or financial risk, Over 300,000 have been cured. You simply address The Sterling Remedy Co., New York or Chicago; or, you can buy three boxes from your drugist under an ABSOLUTE GUARANTEED to CURE.

Be ware of frandulient substitutes and imatations! There is only one GUARANTEED.

Beware of fraudulent substitutes and ini-tations! There is only one GUARANTEED CURE-NO-TO-BAC. It's time-tested and tried. See that you get it, and take noother.

### HARRITY WANTS THE MONEY

Chicago May Not Have the Democratic Convention After Ail.

Pledges of Financial Support Have Not Been Redeemed-Leaders Admit They Are Discouraged.

Chicago, May 7. The sensation of the hour in local Democratic circles is a statement to the effect that the real purpose of the meeting here next Friday of the sub-committee of the Democratic National Com-mittee is to determine whether or not the national convention shall be held in Chicago at all.

It is asserted that the financial pledges upon which the convention was voted to Chicago have not been redeemed, that of \$30,000 which should have been deposited to the order of the national committee, it instalments, between April 11 and May 1, only \$10,000 has been forthcoming, while \$10,000 mare should be deposited within the next three weeks, that not an other dollar has been furnished, and that the local lists promising subscriptions have

local controlled.

Joseph Foundativerger, treasurer of the local committee, admitted to a local representative of the United Press the substantial accuracy of these allegations.

He exhibited a telegram from National Chalman Havity Lands. "Was deposit He exhibited a technical technique of the Chairman Harrity, saying: "Was deposit made on April 21 and May I, asper promises made to our committee?" Am disappointed

at not having heard from you."

To this the committee was compelled to reply in the negative. Mr. Donnersberger added: "The situation is this: "We pledged \$40,000. Of this we have paid over \$10,000 and have \$4,000 more in over \$10,000 and have \$4,000 more in hand. The total subscription is \$26,000, so that, even if we collect every cent already subscribed, there is \$14,000 more to come from somewhere.

"We will have a meeting today to decide what is to be done, and on Friday

an see no reason to deny the truth, and morning all those who signed the bond will meet and determine how the deficit is to be made up. When we were in Washington before we had agreed to sign that bond, we telegraphed to Chicago, asking whether it would be safe for us to do so. A reply was received to the effect that we should go ahead and sign and that the subscrip-tors, would be all right. We do not look ons would be all right. We do not look in that light today.

at it in that light today.

"Our business men here do not refuse us outright, but they do not seem to realize the situation. I must admit that I am discouraged, but still I think we will pull out all right in the end."

DR. ATKINSON STILL SECRETARY

Venerable Physician Not Displaced by American Medical Association.

Atlanta Ga. May 7.-The feature of the American Medical Association's proseedings yesterday was the fight made on the venerable secretary, Dr. Atkinson, who has been in charge of the records of the association for the last thirty years. Quite an opposition had developed, but won and will hold his place for another year at least. The special for the morning was the

question as to whether or not Dr. William B. Atkinson, the secretary of the asso-ciation, should be deposed and a younger and more active man put in his place. Last year a resolution was introduced that there be a change in the constitution of the association so that the secretary should be elected annually. It was necessary, under the rules, that this motion should be and over until the next annual meeting and that it should take its place on the program that was to be published before e meeting. This is what was not done, as no mention of the resolution to change constitution was made in the pub-

lished program. Dr. I. N. Love of St. Louis, who introsuced the resolution last year, called up the matter, stating that the resolution had not been placed on the program. He now asked that the resolution be read a second time and be placed on its pas sage, as he thought the constitution should be changed before the report fo the nomi nating committee was made. The nomi nating committee, consisting of a member from each State in the Union, he said, felt that the secretary of the association should be a younger and a more vigorous man Dr. Isaac Quimby of New Jersey moved hat the whole matter be laid on the table, and after some delay a vote was taken and the resolution was laid on the table. As soon as this was done Dr. Love arose

in an excited manner and said: "Mr. President, I move that we declare that this association cannot change its

secretary." There were cries of "Shame, shame!" from different parts of the hall, and the president refused to put the motion.

SINGLE TAX IDEAS.

Views That Verge Far Toward Outright Socialism.

The large audience present at the meeting of the Single Tax Club last night in Typographical Temple listened to an in-teresting scientific paper read by Mr. W. G. H. Smart on "Will the Single Tax Solve the Labor Problem." Mr. Smart has held views not generally shared by the land tax reformers, and last night the club gave him the opportunity of elucidating his belief. He said he did not wish to be considera as wholly opposing the single tax, as he had been accused. He believed it the greatest

movement yet inaugurated to correct exsting social evils. To his mind it did not go far enough. It did not take into consideration the labor of the past, which is evidenced in all the wealth of today. That was a social inhermance, equal to the right to use land. He considered concentrated commercial capital the oppresser of labor. His arguments, which were on the line of socialism, were fully answered in a strong speech by Mr. Burbage. He said what a man produced was his own, and to hold, and capital was but an accumulation of wages used to produce more wealth.

He believed in the natural rights of man, which allowed him complete freedom so long as they did not interfere or abridge the rights of any other individual.

Mr. E. T. Peters produced a chart, and explained from it how the tax on the economic rental value of land could not be shifted.

Mr. F. W. Moore was elected librarian and a motion carried to present the Workingman's Library with a lot of single tax literature, consisting of the works of Henry George and other writers on the subject

NURSES RECEIVE DIPLOMAS.

Commencement Exercises of Freedman's Hospital Training School. The commencement exercises of the Freednan's Bospital Training School for Nurses which were held last night at the First Congregational Church, attracted there a congregational Chains, attracted there a very large assemblage. The exercises were regarded, as well they might be, as a great and significant event, inasmuch as seventeen young people, after careful training, patient and intelligent observation, and a desire to occupy an honorable profession, had suc-ceeded and were awarded their diplomas

of merit.

The institution has the reputation of being thorough in its methods so that a certificate of graduation is a badge both of merit and of honor.

of merit and of honor.

The exercises were held in the Sunday-school room of the church, and were presided over by Commissioner Ross. They were opened with prayer by Rev. Alexander Crumeil. The state was a few and a were opened with prayer by Rev. Alexander Crumell. The stage was occupied by the speakers, Rev. Dr. Hamilin, Hon. John Eaton, one of the 'trustees; Rev. TALKED AGAINST THE WOMEN.

Stout Opposition to Admission as Methodist Conference Delegates. Cleveland, Ohio, May 7.—The debate on the woman question at the Methodist con-ference was again heated, but no decision

was reached. Rev. Dr. Reed, of New York, last spoke against the admission of the four women delegates, although he said he favored the admission of women by constitutional means. The adoption of the majority report

would dispetion of the factories represent the whole United States, he said. "To sent these women would be to wrong a great portion of the general conference and of the Methodist Church. There is no hurry about the matter. Let us refuse to admit a whole work the whole se four delegates and refer the whole Rev. Dr. J. M. King, of New York, said:
"The mere fact that the general con-ference has submitted this question to the

anal conference two times is proof con clusive that the previous general confer-ences have regarded this question as a legislative one, and not a question over which this body has exclusive jurisdic The Rev. C. B. Mason, of Savannah, said: "For years I voted for the women and am heartily in favor of giving her the right of

church suffrage by constitutional means, but I do not think it wise to bring the woman in by judicial interpretation of the constitution Rev. Dr. Frank Bristol, of Chicago, in a brilliant speech, moved to recommit both majority and minority reports with intructions to bring in a report submitting

the question to the annual conferences. Rev. Dr. Buckley wanted the committee to have enlarged powers so that they might report what they desired. Several speeches were made in favor of recommittal and amid great excitement in the part of the delegates the previous juestion was ordered. The two reports were recommitted by an almost unanimous
